

ACPA OFFERS NEW CONCRETE PAVEMENT RESTORATION BINDER

The ACPA has put together its most popular technical publications and special reports into a one-stop shopping source for any type of concrete pavement restoration (CPR) question or topic. For concrete promoters, this attractive 3-ring binder will be extremely useful in working the CPR markets. For engineers and technicians, the publications in this binder will be able to assist in all CPR issues and needs. The publications included in the binder are separated by tabs into the following topics:

- General information
- Partial and full-depth repairs
- Joint and crack repairs
- Dowel retrofit and slab stabilization
- Diamond grinding
- Other publications

The publications in each category are listed on the back of this sheet.

To order the binders, call ACPA's Order Processing Department at 1-800-868-6733 or fax to 847-966-9666.
